|------|-------------------------------|
| A002 | Definitions and Abbreviations |
|------|-------------------------------|

Unless otherwise defined in these operations specifications, all words, phrases, definitions, and abbreviations have identical meaning to those used in the Aviation Safety Act and Flight Safety Regulations Part 6, as amended. Additionally, the definitions listed below are applicable to operations conducted in accordance with these operations specifications.

|  |   |
|--|---|
| Bilateral Aviation Safety Agreement (BASA) | An executive agreement conclude between Korea and a foreign country for purpose of promoting aviation safety; also Known as an Agreement for the Promotion of Aviation Safety   |
| MOLIT                                      | Ministry of Land, Infrastructure and Transport  |
| Certificate Holder                         | In these operations specifications the term "certificate holder" shall mean the holder of the approved maintenance organizations certificate described in these operations specifications in Part A paragraph A001 and any of its officers, employees, or agents used in the conduct of operations under this certificate |
| FSR  | Flight Safety Regulations   |
| Class Ratings                              | As use with respect to the certification, ratings, privileges, and limitation of aircraft within a category having similar operating characteristics  |
| Domestic AMO                               | A certificated approved maintenance organization located in Republic of Korea   |
| Exemption                                  | An Authorization that permits an alternate means of compliance with a specific FSR.   |
| MOLIT Accountable Manager                  | A person designated by the AMO who is responsible for and has authority over all AMO's operations that are conducted under FSR part 6, including ensuring that the AMO's personnel follow the regulations and serving as the primary contact with MOLIT.  |
| Form 98                                    | The Enforcement Regulation of Aviation Safety Act Form 98 is for the new application of AMO and change to its certificate. If the certificate holder changes the location of the AMO, or request to add or amend a rating, the holder shall use the Form.   |
| Foreign AMO                                | An AMO located outside of the Republic of Korea   |
| AMOPM                                      | Approved Maintenance Organization Procedures Manual   |
| Limited Ratings                            | Rating issued to AMOs for the performance of maintenance on particular makes and models of airframes, engines, components and/or parts  |
| Limited Ratings - Specialized Service      | Rating issued for a special maintenance function when the function is performed in accordance with a specification or data acceptable to the Head of MOLIT  |

|                           |         |                              |

c. Other Limitations and Provisions

- (1) This Line Maintenance Authorization does not constitute a rating. The certificate holder must be appropriately rated for the type of work performed under a limited rating or class rating to perform inspections and minor maintenance associated with this Line Maintenance Authorization.
- (2) All the applicable authorizations and exemptions authorized for the certificate holder apply at the locations listed in Table 1 above.
- (3) The certificate holder may perform continuous line maintenance operations at the facilities listed in Table 1 above. Work away from any line maintenance facility listed in Table 1 above is not authorized.
- (4) The certificate holder must perform the line maintenance authorized by this operations specification in accordance with the applicable sections of the maintenance program and manuals of the certificate holders listed in Table 1

|                           |         |                              |
|---------------------------|---------|------------------------------|
